

Don't Trust Caller ID

"Neighborhood Spoofing" allows Scammers to mimic area codes and numbers with which you are connected

What You Should Do

Don't Answer the Phone

If the caller is not on your contact list and it is a legitimate call, they will leave a message

Hang Up

If you do answer, as soon as you determine that it is a robocall, HANG UP!

Never Press a Button

Any participation with the call will place your number on a "Hot List"

Call Blocking Doesn't Work

They will "spooft" a different number next time

SPAM & SCAM Phone Calls

By the end of 2019
half of all calls
will be SPAM!

In 2018 almost
30% of all Cellphone
calls are SCAMS!

Stay Happy, Don't Answer
SPAM Phone Calls
